**Subject:** Inquiry

I was wondering if there was a way to buy some sausage and have it shipped to Topeka, Kansas. My husband and I moved from the Jesup area almost a year ago and went through all the sausage we brought with us, and there is no better sausage than the DL Lee brand, no matter what we find. We are willing to buy in bulk to get some if it is possible. Any info you can give would be appreciated!

Thank you,

Brande
